Post Date	05/22/2023

Please refer to the instructions below on how to download and install the software.

Exit all other applications when installing this software.

1. Download "EOSWebcamUtilityPro-WIN2.0.30.zip" from the download page. Save the "EOSWebcamUtilityPro-WIN2.0.30.zip" file to a folder of your preference on your computer.

Download and Installation Instructions

2. When the "EOSWebcamUtilityPro-WIN2.0.30.zip" folder saved to the computer is extracted, the "EOSWebcamUtilityPro-WIN2.0.30" will be generated, so double-click "Setup.exe" in the extracted folder. Installation of EOS Webcam Utility Pro will begin. (If the User Account Control window appears, follow the on-screen instructions to proceed.)

3. Follow the on-screen instructions to complete the installation.

4. After the installation is complete, you must restart your computer to apply these changes. If the installation is completed properly, the downloaded file and the "EOSWebcamUtilityPro-WIN2.0.30.zip" file will no longer be necessary.

History
